01 · THE ANSWER ON ONE PAGE

# Buy in Delhi, sell premium flavours at a fair price, launch in Diwali week

Broski should source biscuits from Delhi bakeries, not China. Locally made biscuits cost about ₹64 per kg before GST with no minimum order; a China shipment would land at ₹350–600 per kg and need ₹4.5–7 lakh and 4–12 weeks. That cost advantage lets Broski sell café flavours like peanut butter at a Pedigree-level price, ₹149 for 400 g, a gap no brand fills today.

| ₹37 | ₹149 | ₹45 | 1,380 | 3 Nov |
|---|---|---|---|---|
| landed cost per 400 g pack, ex-GST | MRP per 400 g pack | profit per pack sold through a pet shop | packs to break even | launch date, Diwali week |

## What we are doing

- **Source:** buy from Scoobee (₹76/kg with GST bill) or Grandeur Luxe (₹65–70/kg), whichever wins a blind dog test. No minimum order, so buy 50–75 kg at a time.
- **Product:** launch two flavours, Chicken Sunday Bites and Peanut Butter, in 400 g matte zipper pouches.
- **Price:** ₹149 MRP. ₹100 to pet shops. 3 for ₹449 online with free Delhi delivery.
- **Channel:** 75% pet shops, groomers and vets in West Delhi; 25% online through our site and WhatsApp.
- **Difference:** premium flavours at a fair price, freshness you can see (baked-on date), a brand with personality, and five signature ideas (section 5).
- **Money:** break even at about 1,380 packs; ₹50,000 profit at about 2,570 packs by 31 December. About ₹58,000 of one-time setup costs.

## Your decisions this week

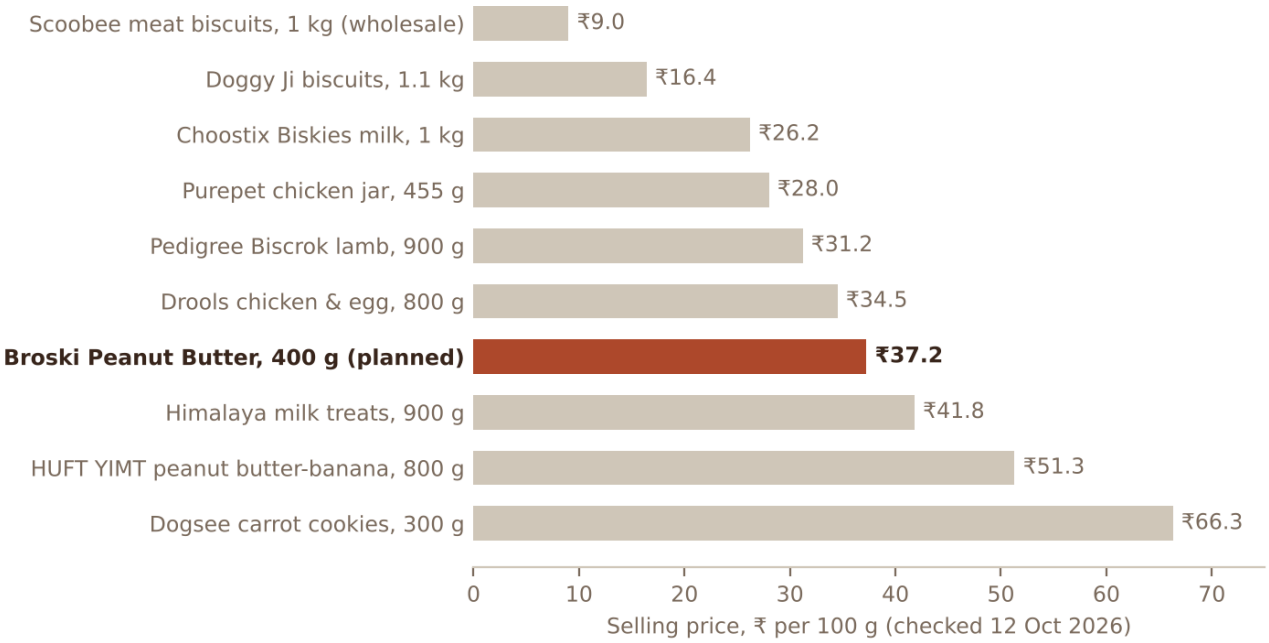

1. Approve buying in Delhi and closing the China biscuit talks (keep Alibaba for printed pouches only).
2. Approve the two-flavour range at ₹149 MRP.
3. Approve ₹500–800 for samples from Scoobee and Grandeur Luxe, and start GST registration.

**The one risk that matters most:** Scoobee’s standard biscuit is a cheap meat-flavour biscuit (about ₹9 per 100 g wholesale). If Broski only repacks it, shoppers will see a ₹9 biscuit in a nice pouch. The first job this week is getting a Delhi maker to bake **our** peanut-butter and chicken recipes.

02 · THE MARKET

# Two camps, and an empty middle

Value and mass brands sell chicken, milk and liver biscuits at ₹9–42 per 100 g. Premium brands own peanut butter, pumpkin and banana-oat at ₹51–175 per 100 g. Nobody sells premium flavours at a mass price. Broski at ₹37 per 100 g sits exactly there.

Prices from BigBasket, HUFT, Supertails, Tata 1mg and IndiaMART, checked 12 Oct 2026. HUFT goat-milk cookies (₹174.5 per 100 g) not shown.

## What Tara found

| Finding | What it means for Broski |
|---|---|
| Value tier (Scoobee, Doggy Ji, Purepet, Choostix) sells bulk jars and packet multipacks of chicken and milk biscuits at ₹9–30 per 100 g. | Do not compete on price. This tier is crowded and fights only on cost. |
| Mass brands (Pedigree Biscrok, Drools, Himalaya) sit at ₹31–42 per 100 g with bone shapes and “real chicken” messages. | Our price band. Shoppers already pay this, so ₹149 for 400 g feels normal. |
| Premium D2C (HUFT, Dogsee, Hearty) owns peanut butter, pumpkin, banana-oat and “no maida” claims at ₹51–175 per 100 g, mostly 150–320 g packs. | Proof that people want these flavours. We offer them at about half the price per gram. |
| HUFT sells combos at ₹499–1,099. No sampler box under ₹299 found. | Room for a cheap Discovery Box and Diwali gift box. |
| About 70% of pet sales are still offline (GlobalPETS, Apr 2025); quick-commerce is growing. | Pet shops come first. Blinkit, Zepto and Instamart later. |
| India pet-treat market about US$0.98 billion in 2026, growing about 11% a year to 2031 (Mordor Intelligence). | A growing category with space for new brands. |

03 · SOURCING DECISION

# India beats China on cost, cash, speed and paperwork

Every quote received from 9–12 October points the same way. Even a perfect delivered price from China cannot beat about ₹26 of biscuit per pack once duty and freight are added.

| | China (Anna Dai, Nanjing Hanshi) | Delhi: Scoobee | Delhi: Grandeur Luxe |
|---|---|---|---|
| **Quote** | 400 g bag, FOB ¥6 (≈₹87) incl. her pouch; MOQ 3,000 bags. Bulk biscuits ¥9,000/ton FOB. | ₹76/kg with GST bill, online payment (₹64.4 ex-GST). ₹65/kg cash, no bill. Loose, no packaging. | ₹65–70/kg for 200 kg, no minimum. GST status not yet confirmed. |
| **Biscuit cost per 400 g pack** | Included in ₹87 FOB | ₹25.8 ex-GST | ₹26–28 |
| **Freight, duty, clearance** | Air ₹2.6–5 lakh or sea ₹0.9–1.8 lakh; ~22% duty; broker ₹30–60k (estimates) | None | None |
| **Landed cost per pack** | **₹140–240 (estimate)** | **about ₹37** with pouch + label | **about ₹37–40** |
| **Cash for first order** | ₹4.5–7 lakh | ₹3,800 for 50 kg | similar |
| **Time to stock** | 4–6 weeks by air, 8–12 by sea | Days | Days |
| **Paperwork** | IEC, DAHD Sanitary Import Permit, Chinese vet certificate, lab report, quarantine | GST invoice | GST invoice (ask) |
| **Trust check** | Alibaba profile; says vet certificate available | Published GSTIN 07AARCS3705J1Z0, IndiaMART 4.1★ (165 reviews) | No online listing found: verify GSTIN, visit bakery |

**Take the GST bill, not cash.** ₹76/kg with bill is ₹64.4 + 18% GST. Once Broski is GST-registered, the ₹11.6 comes back as input credit, so the real cost is ₹64.4/kg, below the ₹65 cash price, and you get a paper trail for your label, shops, marketplaces and tax checks.

**If Broski ever imports:** IEC (₹500), DAHD Sanitary Import Permit (₹1,000, about 7 days, needed for biscuits with chicken, milk or egg), Chinese vet certificate and lab report, entry only through approved ports such as Delhi, and about 22% non-refundable customs duty.

## What the Alibaba chats showed

- Anna Dai’s ¥6 quote says “FOB” twice in writing (8:25 and 12:39 on 12 Oct), meaning shipping to India is not included, even though she said a with-shipping target was “possible” on 10 Oct.
- Mary Zhao’s forwarder: Delhi is air-freight only and very expensive. li Angel: pet food is “very sensitive in India”.
- Four more factories (Jiangxi Welton, Shandong Tai Chong, Shijiazhuang Jinfeng, Chongqing Sweet Pet) were asked for delivered prices on 12 Oct. Use them only for **custom printed pouches**, which need no import permit.

04 · BRAND AND POSITIONING

# Value brands look like feed. Premium brands look like boutiques. Broski looks like a friend.

Broski wins on personality, flavours and freshness at a fair price, not on a secret recipe. Everything below is already built on the website and needs only to reach the shelf.

| Brand asset | What it is | Why it stands out |
|---|---|---|
| **Name and line** | Broski. “Treats for your best bro.” | Warm, cheeky, youthful. No Indian biscuit brand talks this way. |
| **Pack look** | Matte single-colour zipper pouches: rust, olive, mustard, yellow, plum; chunky handwritten wordmark; cartoon dog face. | Pops on a shelf of jars and clear packets. Instantly “giftable”. |
| **Flavours named for moments** | Peanut Butter (“the original”), Chicken Sunday Bites, Pumpkin Little Bites, Banana Oat Cookies, Tiny Training Stars, Discovery Box. | Sells a ritual (after the walk, Sunday treat), not just a biscuit. |
| **Website** | Opening animation, 3D pack, ritual picker, dog-parent stories, WhatsApp button. | Feels like a premium brand from day one. |

## Positioning statement

> For Delhi dog parents who want their dog to have something special without paying boutique prices, **Broski** is the fresh, fun dog biscuit in café flavours like peanut butter, at the price of a supermarket brand.

## Promises we make, and how we prove them

| Promise | Proof on the pack and in service |
|---|---|
| **Café flavours at a Pedigree-level price** | ₹149 MRP for 400 g printed on pack; no fake “was ₹299” prices. |
| **Fresh, small batches** | Order 50–75 kg at a time; “Baked in: Oct 2026” and batch number on every pack. |
| **Know what’s inside** | Full ingredient list on the back; “no maida” only if the recipe truly has none. |
| **Stays crunchy** | Resealable zipper pouch, unlike jars and tear packets in the value tier. |
| **Local and quick** | Same or next-day delivery in West Delhi; stocked in nearby pet shops. |

**Never claim:** vet approved, healthy, dental benefit, human-grade, FSSAI approved, or fake reviews. None is proven yet, and they invite ASCI and customer complaints.

05 · WHAT WILL MAKE BROSKI “BOMB”

# Ten signature moves no competitor in our price band is doing

These are the ideas the team thinks will make people talk about Broski. Each is cheap, fits the ₹2 lakh plan, and can be tested in the first eight weeks. Ranked by impact for cost.

| # | Idea | How it works | Cost | Owner |
|---|---|---|---|---|
| 1 | **Shop Taste Jar** | A branded Broski glass jar on every partner shop counter with free biscuits for visiting dogs. Dogs try it, owners see the pack beside it. The shop becomes our sampling booth. | ≈₹150 per shop + ₹40/month refills | Dev |
| 2 | **Baked-on date** | Print “Baked in [month]” big on the front, not hidden. With weekly 50 kg batches, Broski is always fresher than jar biscuits sitting for months. | Free (label) | Kabir |
| 3 | **Diwali Bro Box** | Diwali is 8 Nov, five days after launch. A ₹249 gift box (2 flavours, smaller packs + a “Happy Diwali, Bro” card) for dog parents and gifting to friends with dogs. | ≈₹95 cost per box | Zoya |
| 4 | **Bro Card loyalty** | WhatsApp stamp card: buy 5 packs, get the 6th free. Runs on WhatsApp Business, no app needed. | ≈₹37 per reward | Riya |
| 5 | **Feed an Indie** | For every 10 packs sold, Broski gives 1 pack to a West Delhi community dog feeder, posted monthly with photos and counts. Honest, local, shareable. | ≈₹3.7 per pack sold | Zoya |
| 6 | **QR “Bro Page”** | QR on every pack opens the batch page: ingredients, feeding guide by dog size, baked date, and a one-tap WhatsApp reorder. | Free (site) | Aarav |
| 7 | **Groomer after-groom treat** | Groomers give one Broski biscuit after every groom plus a ₹20-off card with their code. Groomer earns ₹40 per first order. | ₹40 per new customer | Dev |
| 8 | **Bro of the Month** | Customers send their dog’s photo; one is featured on Instagram, the site and the shop jar label each month (with permission). | Free | Zoya |
| 9 | **Hinglish reels** | Short funny reels in the Broski voice: “Jab bro ko pata chale biscuit khatam ho gaye.” Real dogs, real packs, no fake reviews. | ₹0–3,000 creators | Zoya |
| 10 | **Sniff test pack** | A ₹49 mini pack (2 flavours) sold at shop counters and given at RWA dog meet-ups, so trying Broski is cheap and risk-free. | ≈₹15 cost | Arjun |

**Start with 1, 2, 3 and 6** for the 3 November launch. They cost under ₹10,000 together and give Broski a story that shops, customers and Instagram can repeat. Add 4, 5, 7 and 10 in week 2 once stock flows; 8 and 9 run continuously.

06 · PRODUCT RANGE AND PRICING

# Two flavours, one pack size, three prices

A focused launch keeps minimum orders small and tells us quickly which flavour sells. More flavours come from December if the first two move.

| Flavour | Type | Why at launch | Ask the maker |
|---|---|---|---|
| **Chicken Sunday Bites** | Non-veg | Chicken is the top flavour in Indian pet-food launches (Mintel, 2018–23). Easiest for local bakers. | Real chicken content? Bone shape? Shelf life? |
| **Peanut Butter (“the original”)** | Veg | Premium brands charge ₹51–66 per 100 g for it; we offer it at ₹37. | Can you bake our peanut-butter recipe? Minimum batch? |
| **Later: Pumpkin, Banana Oat, Training Stars, Discovery Box** | Mixed | Add from December based on sales and maker capacity. | |

## Price ladder

| Item | Customer pays | Notes |
|---|---|---|
| **400 g pack, retail MRP** | ₹149 | ₹37.3 per 100 g |
| **400 g pack, to pet shops / groomers** | ₹100 incl. GST | Shop earns ₹49 (33%) per pack |
| **Online 3-pack** | ₹449, free Delhi delivery | Push this online; better margin than singles |
| **Online single** | ₹149 + ₹59 delivery | For first-time trial only; roughly break-even |
| **Diwali Bro Box** | ₹249 | Limited, launch week to 15 Nov |
| **Sniff test pack (later)** | ₹49 | Counter impulse buy and events |

07 · FINANCE

# Each pack earns about ₹42; ₹50,000 profit needs about 2,570 packs

All figures exclude GST and assume Broski is GST-registered and claims input credit. They are Neha's estimates from the quotes received; replace them with real numbers as invoices arrive.

*Assumes each shop sells about 8 packs a week over 8.5 weeks and shops carry 75% of volume.

## Cash needed and cash flow

- Biscuits are bought in 50–75 kg lots (₹3,800–5,700 with GST) and paid for by the previous week's sales, so stock never ties up more than about ₹10,000.
- Pouches and labels are bought in lots of 500 (≈₹4,000) because the price per piece falls with quantity.
- Peak cash out before sales start: setup (₹58,000) + first stock and packaging (≈₹10,000) ≈ **₹68,000**, well inside the ₹2 lakh budget. Keep ₹30,000 untouched as contingency.
- Give pet shops 7-day credit at most; collect by UPI. Online orders are prepaid only, no cash on delivery at launch.

08 · PERMISSIONS AND COMPLIANCE

# Six registrations, about ₹15,000–25,000, mostly done in two weeks

Buying locally removes the import permit, IEC and customs entirely. Items marked “check” need a CA or lawyer to confirm before printing or selling.

| Registration | Why Broski needs it | Cost | Time | Status |
|---|---|---|---|---|
| **GST registration** | Invoice shops, sell online and on marketplaces, claim GST on biscuits back. Dog food (HS 2309) is 18% GST; it was not on the Sept 2025 5% list. | Free | 3–7 working days | Start now |
| **Udyam (MSME)** | Free small-business ID; may exempt micro brand owners from plastic EPR; helps with loans and schemes. | Free | Same day | Start now |
| **Business bank account + UPI** | Separate business money; needed for GST bills and payment gateway. | Free–low | 1–3 days | Start now |
| **Trademark “Broski”, class 31** | Protects the name on animal food. Use “™” from filing day. | ₹4,500 (startup / small business) | File in 1 day; registration 12–18 months | Search first |
| **Legal Metrology label** | Mandatory pack declarations (list below). Check whether Broski must register as a packer with the Delhi Controller. | Low | 1–2 weeks | Check |
| **Plastic EPR (CPCB)** | Broski is a “brand owner” once its name is on a plastic pouch. Micro units with Udyam may be exempt. | ≈₹10,000 if needed | 30–60 days | Check |
| **Payment gateway KYC** | Razorpay or Cashfree so the website takes real UPI and card payments. | Free; ≈2% per sale | 2–5 days | Week 2 |
| **FSSAI** | Probably not applicable to pet food (Delhi HC, 2026); one consultancy disagrees. Never print “FSSAI approved”. | — | — | Check |

## What must be printed on every pack

| Declaration | Broski example |
|---|---|
| **Manufacturer name and address** | Manufactured by: [Scoobee / Grandeur Luxe legal name, address] |
| **Marketer name and address** | Marketed by: Broski, [address], New Delhi |
| **Common name of product** | Dog biscuits (dog treat, not a complete food) |
| **Net quantity** | 400 g |
| **MRP incl. all taxes** | MRP ₹149 (incl. of all taxes) |
| **Unit sale price** | ₹37.25 per 100 g |
| **Month and year of manufacture** | Baked in: Nov 2026 |
| **Best before** | Best before: [as per maker’s shelf-life test] |
| **Country of origin** | Made in India |
| **Consumer care** | Phone, email and WhatsApp |
| **Also recommended** | Ingredients, feeding guide, batch no., storage, “for dogs only” |

09 · GO-TO-MARKET

# Shops first, Instagram for buzz, WhatsApp for reorders

West Delhi first: Janakpuri, Rajouri Garden, Punjabi Bagh, Paschim Vihar, Dwarka. Win one area properly before spreading.

| Channel | Target by 31 Dec | How | Owner |
|---|---|---|---|
| **Pet shops** | 35–40 shops | Walk-ins with the Taste Jar, ₹100 trade price, 7-day credit, fortnightly restock visits | Dev |
| **Groomers and vets** | 15 partners | After-groom treat, ₹40 per new customer referral, counter display | Dev |
| **RWA dog groups and parks** | 8 meet-ups | Sunday “Bro Meet” with sniff packs and a photo booth; with RWA permission | Zoya |
| **Instagram** | 1,500 followers | Hinglish reels, Bro of the Month, behind-the-bake videos; 4 posts a week | Zoya |
| **WhatsApp Business** | 400 contacts | Catalogue, Bro Card stamps, reorder reminders (opt-in only) | Riya |
| **Website** | 150 orders | 3-pack offer, QR Bro Page, Razorpay + Shiprocket | Aarav |
| **Quick commerce / Amazon** | Phase 2 (2027) | Only after repeat sales are proven and EPR/GST are in place | Arjun |

10 · THREE WEEKS TO LAUNCH

# Samples this week, maker chosen 22 Oct, on sale 3 Nov

## Seven questions for both makers

1. Is the price with or without GST, and with delivery to 110041?
2. Can you bake peanut-butter and chicken bone-shaped biscuits for our brand?
3. Full ingredient list and shelf life?
4. Will you be named as manufacturer on our label?
5. Price for 50 kg vs 200 kg orders, and delivery days?
6. Any lab report? Can we visit the bakery?
7. Payment terms and GST invoice?

11 · SCOREBOARD AND RISKS

# What we watch every Monday, and what could go wrong

| Metric | Weekly target (from week 3) | Action if missed |
|---|---|---|
| **Packs sold** | 300+ | More shops; push 3-packs and Bro Box |
| **Active shops (ordered in last 14 days)** | 30+ | Revisit; check placement and Taste Jar |
| **Shop reorder rate** | 60%+ reorder within 3 weeks | Ask why; change flavour or margin |
| **Online repeat customers (30 days)** | 20%+ | Bro Card reminders; check freshness |
| **Profit per pack (real)** | ₹38+ | Renegotiate biscuit or pouch price |
| **Complaints (broken, stale, dog unwell)** | Under 1% of packs | Stop the batch, investigate with maker |

## Main risks

| Risk | Likelihood | What we do |
|---|---|---|
| **Maker only sells its own meat biscuit, not our recipes** | Medium | Test Grandeur Luxe and 2 more Delhi bakers; launch chicken first, add peanut butter when ready |
| **Grandeur Luxe is not genuine** | Unknown | Verify GSTIN, visit bakery, small paid sample, pay to a company account only |
| **Biscuits go stale or break** | Medium | Zipper pouch, small batches, shelf-life test, “baked in” date, replace freely |
| **Shops don’t reorder** | Medium | Taste Jar, sale-or-return for first stock, fortnightly visits |
| **A dog falls ill after eating** | Low | Lab test each new batch, keep batch samples, complaint log, stop sales of the batch |
| **Label or EPR rule missed** | Medium | Meera’s check plus a CA/lawyer review before printing |
| **₹50,000 goal missed** | Medium-high | It is a stretch; break-even (≈1,380 packs) is the real December bar |
