Uniqueness Playbook & Broski Council

What we can do that others in India are not doing, what the council decided for launch, and how the council will handle every problem from here on.

Prepared 19 October 2026 for Lakshay, founder

Research: Tara, Arjun, Zoya, Dev · Council: Neha, Meera, Maya, Riya, Arjun · Chair: Rex

4 research teams · 90+ sources · 16 ideas debated · 1 positioning · Council rules for every future problem

1 · THE ANSWER

What makes Broski different

Four research teams scanned dog-treat brands in India and abroad, the Indian price ladder, customer complaints and West Delhi itself. The council then debated 16 ideas. This is what it decided.

Broski's positioning: Named ingredients, no added sugar, baked-on date: honest dog biscuits at an everyday price.

Why this wins

- Pedigree Biscrok, the mass leader at ₹367/kg, lists **sugar as its 4th ingredient**, plus cereal by-products and unnamed flavours.
- Clean-label biscuits (HUFT) start at **₹513–703/kg**. Broski at **₹372/kg** sits right in the gap: clean label at mass price.
- Top customer complaints: **sugar and fillers, too hard, dogs refusing them, stale or infested packs, hidden ingredient lists**. Each of our three differentiators answers one of these.
- The only peanut butter biscuit we found in India is HUFT's at ₹513+/kg. Ours is about 30% cheaper per kg.

The Big 3 product differentiators

#	Differentiator	What it means on the pack	Answers the complaint
1	Clean label you can read	Named ingredients with % on the front. No added sugar, no by-products.	Sugar, fillers, hidden lists
2	Snap biscuit	Scored to break into 2–4 pieces. kcal per biscuit and a "treat budget" chart by dog weight on the back.	Too hard; portions for small dogs
3	Baked-on date + QR batch sheet	"Baked on 28 Oct" printed big. QR shows the batch, ingredients and kcal.	Stale or infested packs, trust

Two gates this week. 1) Get the baker's **signed formula with %** and a written declaration of no sugar, jaggery, honey or by-products. If the recipe has any of these, change it or drop the claim. 2) Approve the **₹5–8k lab test** (nutrient analysis and kcal). If the formula isn't signed by 25 Oct, launch with the ingredient list only and no "no added sugar" claim.

2 · LAUNCH TACTICS

The Big 5 for 3 November

Chosen for low cost, fast setup by one founder, and getting customers to buy again. Marketing total is about ₹8.7k, leaving ₹4–6k in reserve.

#	Tactic	How	Cost	Success by end of November
1	Free-sample jar + shelf card in 15 shops and groomers	Branded jar marked “Free taste, not for sale”. Shelf card: “Dog didn’t love it? WhatsApp us.” One route day across Paschim Vihar, Punjabi Bagh, Rajouri, Janakpuri and Nangloi.	~₹2.7k	10 of 15 shops stock it by 10 Nov; 30%+ reorder within 3 weeks
2	Groomer / trainer partner code	₹15 per pack sold with the partner’s code, plus a “Broski Partner” window sticker. One-page brief: any post says #Ad, no health claims.	₹500 + ₹15/sale	5+ active partners; 40+ coded packs
3	Diwali gift sleeve (2 pouches)	100 units with a “Gift a bro” sticker sleeve and MRP on the sleeve. Sold in launch week.	~₹1.5k	60+ sold by 8 Nov
4	WhatsApp “Broski Pack” + QR reorder + punch card	QR on every pack leads to join and reorder by UPI. Buy 5, get the 6th free. Opt-in consent text. Referral added in December.	~₹1k	150+ members; 25%+ buy again within 30 days
5	Pet-safe Diwali reels (3–4)	Tips for a safe room, water and staying calm, with Broski as chew-time. No “calming” claims.	₹0–3k boost	5k+ local views; 30+ WhatsApp joins

Test small (off-pack first)

- **Taste guarantee:** on the shelf card and QR page, not printed on the pouch. One claim per phone number, photo of the opened pack with batch code, within 14 days. Swap first; refund only for direct buyers. ₹2k pool. Pause it if claims go above 5%.
- **Streetie give-back (from December):** 1 kg per 10 packs, donated **only** to Sanjay Gandhi Animal Care Centre or Perroayuda, with the receipt and photo posted monthly. No street-feeding content (Supreme Court order, Aug 2025).

3 · WHAT THE RESEARCH FOUND

The Indian price ladder and the gaps

Brand / product	Pack	Price	₹/kg	Positioning
Loose Delhi biscuits	1 kg	₹58–89	58–89	Commodity
Doggy Ji	1.1 kg	₹200	164–182	Value bulk
Scoobee	1 kg	₹250	250	Value
Pedigree Biscrok	900 g	₹330	367 (311 on sale)	Mass leader; sugar 4th ingredient
Broski	**400 g**	**₹149**	**372**	**Clean label at mass price**
Drools Chicken & Egg	800 g	₹325	406	“Real chicken #1”
Doggy Ji Ragi Shots	425 g	₹189	445	Desi grain
HUFT Peanut Butter & Banana	800 g / 320 g	₹410 / ₹225	513–703	No maida, gluten-free
Gnawlers Calcium Bone	270 g	₹425	1,574	Calcium chew
Dogsee Chew Puffies	70 g	₹199	2,843	Natural chew

White space, ranked by strength of evidence

Gap	Evidence	Broski move
Clean label at ₹350–450/kg	Strong	Big 3 #1
Clean-label pack under ₹150 MRP	Medium	₹149 pouch
Visible bake date / local freshness	Medium	Big 3 #3
Peanut butter flavour at mass price	Medium	Lead flavour
Taste guarantee	Medium-weak	Test small
Indie feeder bulk pack	Medium-weak	Later SKU (feeders pay ₹30–90/kg)
Desi ingredients, Hinglish naming, refills	Weak / taken	Not a focus

West Delhi has no dog café and no dog park; all of Delhi’s are in South Delhi or Gurugram. Pet-friendly restaurants exist in Punjabi Bagh and Rajouri. This is a future opening for a “Pup Cup” or a weekend Broski dog meet.

4 · IDEAS LIBRARY

Every idea we found, scored

Fit is scored 1–10 for Broski right now. “India” shows whether an Indian brand already does it.

5 · THE COUNCIL DEBATE

How each member voted

Neha = CFO (money), Meera = legal and compliance, Maya = operations (chair), Riya = customer voice, Arjun = product. G = Go, T = Test small, N = Not now.

Idea	Neha	Meera	Maya	Riya	Arjun	Final
Clean label + % on front	G	G*	T	G	G	Go (formula gate)
Snap + kcal + treat chart	G	G	G	G	G	Go
Baked-on date + QR sheet	G	G	T	G	G	Go (lite)
Trial sachet	N	T	N	T	N	Not now
Taste guarantee	T	T	T	G	G	Test small
Sample jar in 15 shops	G	G	G	G	G	Go
Groomer partner code	G	G	G	G	G	Go
WhatsApp + QR + punch card	G	G	T	G	G	Go
Society Pawrade	T	T	N	T	N	Not now
Dog of the Month	G	T	N	G	T	Not now
Pet-safe Diwali reels	G	G	G	G	G	Go
Streetie give-back	T	G	T	G	T	Test small
Pet Fed stall	N	G	N	T	N	Not now
Pup Cup restaurants	N	T	N	T	N	Not now
Quick commerce in Dec	N	N	N	T	N	Not now
Diwali gift sleeve	G	G	T	G	G	Go (100)

* Meera: only if a written formula backs every claim. Recorded dissent (Maya): doing all three differentiators in two weeks is the biggest delivery risk, so the fallback above applies.

Conflicts the council resolved

Conflict	Resolution
“Fresh” story vs 90-day shelf life for quick commerce	Say “Baked on [date]”, never “fresh-baked”. Target 6-month best-before backed by the baker’s data. Bake monthly so shop stock is under 60 days old.
Taste guarantee abuse	Off-pack terms, one claim per phone number, photo with batch code, swap first. Pause it if claims go above 5%.
Clean label vs what the baker actually makes	Signed formula first. Never claim more than the paper shows.
Sachet cost	55 g costs about ₹21 to make; at ₹29–39 MRP the shop margin is gone. The free jar does the trial job.
Loose sampling vs Legal Metrology	Jar is free tasting only. Selling loose needs a price/kg label and a stamped scale.
Partner posts vs ASCI / CCPA	One-page partner brief: #Ad/#Collab, no health or “vet recommended” lines.
Phone numbers vs DPDP Act	Explicit opt-in. Fixed rewards only, never lucky draws.

6 · PARKED IDEAS

Not now, and what brings each back

Idea	Comes back when
Trial sachet	5+ shops ask for it, and a pouch costs ≤ ₹4 with a minimum order ≤ 1,000
Guarantee printed on the pack	Off-pack claim rate stays under 3% over 300 packs
Referral	Punch-card repeat rate ≥ 20%
Society Pawrade	An RWA invites us in writing; January 2027 at the earliest
Dog of the Month	100+ WhatsApp members
Pet Fed Delhi stall	Exhibitor quote ≤ ₹10k and decided by 15 Nov
Pup Cup at restaurants	Two restaurants ask, or direct sales ≥ 100 packs/month
Quick commerce	6-month shelf life proven, barcodes + GST warehouse registration done, shop reorder ≥ 40%, profit ≥ ₹15/pack after fees
Ragi SKU, training bits, birthday box	After the first 1,000 packs and a repeat rate above 25%

West Delhi targets for the first route day

Area	Places to visit (from public listings; phone numbers to confirm)

7 · THE BROSKI COUNCIL

How we solve every problem from here

Whenever something goes wrong or a big choice comes up, say **“Council: [problem]”** to Rex. The council meets, debates and recommends. Lakshay decides.

Member	Role	Must be present for
Maya (chair, records)	Operations: suppliers, packing, timelines	Every meeting
Neha	Finance: cash, margin, price, payback	Anything touching money or price
Meera	Legal and compliance: labels, claims, ads, data, contracts	Anything touching claims, labels, promotions or contracts
Riya	Customer voice: dog parents, shops, groomers	Anything customers will see
Arjun	Product: recipe, format, packaging, quality	Anything about the biscuit or pack
Rex (CEO)	Calls the meeting, brings research, reports to Lakshay	—
Lakshay (founder)	Final decision; does not vote	—

Quorum: 4 of 5 members. Specialists (Zoya marketing, Dev sales, Tara research, Aarav tech) join when the problem needs them.

How a meeting runs

1. **Problem card:** the problem in one sentence, the deadline, the cash at stake, what we know (with sources) vs what we assume, and the decision needed.
2. **Options:** 2–4 options, always including “do nothing”.
3. **Evidence:** a number or a source behind each option.
4. **Risk:** worst case, how likely, and the cheapest protection.
5. **Vote:** each member says Go / Test small / Not now with one line. Dissent is recorded word for word.
6. **Decision:** owner, date, success metric and review date. Sent to Lakshay for a yes.

Always escalated to Lakshay

Spending over ₹5,000 · signing anything · publishing or sending anything · changing a price · using the ₹30k contingency · any health or safety question.

Red flags: automatic council meeting within 48 hours

Red flag	First action
Any quality complaint (infestation, mould, foreign body, dog unwell)	Pull the batch and pause sales first, then meet
Refund or guarantee claims above 5% of packs	Pause the guarantee; check the batch
Shop reorder below 30% at 3 weeks	Call 5 shops; check taste, price, display
Supplier or packaging delay over 3 days	Switch to the backup baker or stock pouch
Cash below ₹30k, or spending 20% over plan	Freeze non-essential spend
Cost to make one pack above ₹50	Renegotiate, or review the price
Regulator, platform, legal notice, ad or data complaint	Stop the item; Meera drafts the response
Stock at shops with under 4 months of shelf life	Swap or discount; bake smaller batches

8 · GUARDRAILS

Rules every idea must follow

- **No health claims:** no “calming”, “dental”, “immunity”, “digestion”, “vet approved” or “healthy” unless backed by proof (ASCI, Consumer Protection Act).
- **Influencers and partners:** a visible #Ad / #Collab label, even for free product (ASCI guidelines; CCPA endorsement rules).
- **Contests:** judged on skill. Never a lucky draw tied to buying.
- **Guarantees and give-backs:** whatever we promise must be honoured and provable. Publish the kilograms donated.
- **Customer data:** explicit opt-in before saving phone numbers (DPDP Act 2023).
- **Legal Metrology:** MRP, net quantity, dates and consumer care on every pack. Loose selling needs a stamped scale.
- **No fake reviews** and no “first in India” claims.
